01 *President's Message*

Kevin Wong

President

Singapore Disability
Sports Council

Dear Friends,

FY 2019/2020 came to such a challenging end for the Singapore Disability Sports Council (SDSC) as the world grappled with the Covid-19 pandemic and the world came to a halt.

Major events such as the 10th Asean Para Games and Tokyo 2020 Paralympic Games were postponed whilst others were cancelled altogether. SDSC too, was not spared. Many of our programmes and events, including the Singapore World Para Swimming (WPS) World Series 2020, had to be cancelled. This was a difficult decision, one that had to be made in order to put everyone's safety and health as utmost priority. Other local events such the Haw Par Athletics Youth Championships 2020 and Singapore Para Cycling Championships are now being postponed to later dates. Our athletes have shown that no matter the situation, they are ready to adapt and push forward. Amidst the challenges, our community has displayed traits like resilience, perseverance and adaptability. Together we stand as one and we will emerge stronger.

PILLARS OF STRENGTH

In overcoming adversities, SDSC is also proud to have esteemed individuals and partners amongst us to build a robust ecosystem.

CULTIVATING AND GROWING OUR TALENT POOL

This financial year was an exciting and challenging year for SDSC on many fronts, with several milestones achieved. Setting foot for the first time ever in Asia, Singapore became the one and only Asian country in history to organise the prestigious World Para Swimming World Series. The Series took place in 7 countries across 4 continents and through the professionalism and standard of operations in SDSC, we are proud to be the official organiser for the Singapore series. The world series closed with a total of 12 records broken over the three-day competition. Team Singapore swimmers, Toh Wei Soong brought home the gold medal in the Men's 100m Freestyle event and a silver medal in the Men's 50m Butterfly whilst Yip Pin Xiu garnered a silver medal in Women's 50m Backstroke events, bringing the Republic's total medal haul to three.

As we continue our efforts to grow, strengthen and celebrate the community, SDSC brought back the Singapore Disability Sports Awards after more than a decade hiatus. The awards celebrate the achievements and hard work of everyone involved in the disability sports scene.

Community and Participation

To approach youth with disabilities in mainstream schools, SDSC created a programme with the support of Temasek Foundation called ParABLE. The programme provides students and teachers in mainstream secondary schools with the resources and confidence to implement inclusive sports programmes that can lead to sustainable opportunities for students with disabilities to benefit from physical activity and peer teamwork. In 2020, the programme was expanded to include mainstream primary schools and institutes of higher learning, to enable SDSC to reach out to even more students with disabilities.

Performance

Nur Syahidah Alim is Singapore's first-ever world champion archer after winning the compound women's open competition at the 2019 World Archery Para Championships in 's-Hertogenbosch, Netherlands. Four months later in October 2019, she was crowned World Number One after beating 68 other competitors in the Para Compound Women Open Individual category. That win earned Singapore a slot at the Tokyo 2020 Paralympics. Another achievement to add to the books, she became the first Singapore archer to win the World Archery Athlete of the Year awards. Winning the category under Para Women, Syahidah bested four other candidates with a combination of public and expert votes. Syahidah also takes time off her busy schedule to contribute back in the Asian Paralympic Committee (APC) Athletes' Committee and the Singapore Para Athletes' Commission. Syahidah is just one of our many exemplary athletes and a role model that others look up to.

“Together, We Defy Limits”

Volunteer

Mr Arthur Lee, well known within Singapore’s swimming community, who has been appointed the Asian representative to the Swim Committee at Virtus: World Intellectual Impairment Sport. Mr Lee is the first Singaporean to be appointed for this role. With over 30 years of officiating expertise under his belt, Arthur has been a strong advocate of inclusion and professionalism in our nation’s swimming meets. He volunteered as a technical official and officiated his first Singapore Disability Sports Council (SDSC) National Swimming Championships back in 1995.

Noting a strong following and interest within the community, the Para Athletics Association (Singapore) was formed by passionate volunteers who wish to bring local para athletics to a new level of professionalism. A testament to the expanding community that wishes to organise and contribute to para sports.

MOVING WITH TECHNOLOGY

Technology is moving faster than ever before – transforming the way we live and work. To leverage advancing technology and promote healthy living to Persons with Disabilities (PWDs), SDSC kickstarted the development of a mobile app called LIFE. In 2019, we launched the beta version of our LIFE app to help PWDs find out about sports in the comfort of their own homes. PWDs were invited to be our beta testers to ensure a user-friendly experience. Users will soon be able to utilise the application for streamlining registrations, employment support for athletes as well as pathways and available opportunities.

TOGETHER, WE DEFY LIMITS

SDSC has mapped out numerous projects to strengthen the ecosystem of disability sports in the year ahead. Besides encouraging more NSAs to be inclusive and take on the para sport discipline, SDSC will establish a blueprint for Singapore's first National Training Centre for para swimming. SDSC will also push forth a new programme called 'Focus on Abilities' that will empower athletes to improve their occupational opportunities in finding an inclusive workplace.

As we move forward, let us celebrate and acknowledge the partnerships with individuals and other organisations with great importance. The commitment and support by the larger community have led to the many milestones achieved by para sports landscape. No one could have done this alone, and with the good work of all parties, we would like to express our sincere appreciation to everyone.

Our programmes and outreach initiatives are made possible by the unwavering generosity of our individual and corporate donors, particularly to organisations such as Haw Par Corporation Limited, Micron Singapore Foundation, Toyota Motor Asia Pacific, Singapore Press Holdings Foundation and the Japanese Chamber of Commerce and Industry Singapore Foundation.

We also hope to have the continued support from our volunteers and members of the public who have come forward to support our cause. We believe that **Together, We Defy Limits.**

Highlights of 2019/20

In 2016, the SDSC consulted its stakeholders and identified seven Critical Success Factors (CSF) for disability sports in Singapore. These CSF, which were then developed into a blueprint for 2017 to 2021, were:

1. *Comprehensive support and development frameworks to nurture athletes*
2. *Enhanced partnership and collaborations*
3. *Grooming capable sports leaders and champions*
4. *Broad-based systems*
5. *Increase technical expertise, resources*
6. *Corporate and government support*
7. *Build a technological ecosystem to unite and synergise sports programmes*

The SDSC has been taking steps, together with its partners and supporters, to ensure that these CSF are objectified in our programmes, services and operations to deliver the blueprint. Highlights of these efforts in FY2019-2020 are captured in this section.

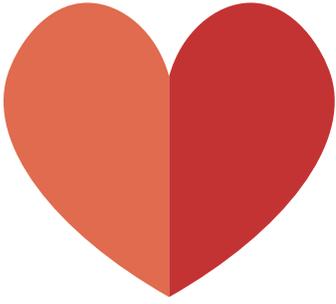

The last quarter of FY2019-2020 should be noted as a special period, where the global COVID-19 pandemic brought forth unprecedented challenges to just about everyone. It didn't matter which country, sector or role we were in; everything came to a standstill.

In December 2019, two weeks before it was due to start, the biennial Asean Para Games was postponed to March 2020 due to financial constraints. When the pandemic worsened around the world, the games were postponed indefinitely.

On 24 March 2020, the SDSC suspended all face-to-face training across sports, in adherence to government guidelines. Adaptation, a principle that SDSC had embraced from its inception, became the new order of the day. Athletes were placed on home-based routines, and encouraged to leverage the opportunity to learn about competitor analysis, strength and conditioning, and mental fitness.

Now, more than ever, has come the time for us to amplify 'resilience' - a trait that has been time and time again synonymous with the community we serve - to transform lives through innovative ways.

*Time for us to
amplify 'resilience'*

WPS Swimming Technical Official Course

7-9 May 2019

Technical officials got a boost at the world series, as Singapore was the first to host the World Para Swimming Development Programme in Asia. This initiative was critical to improve the profiles and standards for para swimming in Singapore.

The 3-day Technical Official (TO) Course covered level 2 and level 3 courses. It was held in conjunction with the world series from 7 to 9 May, and benefited more than 30 participants. Over 20 local officials participated in the Level 2 TO course and

Athlete and Coaching Camp

7-9 May 2019

To support the development of athletes from grassroots to elite level in the Asian region, Singapore hosted the WPS Coaching and Athlete camp from 7 to 9 May 2019. A total of 18 athletes and 18 coaches from 9 countries participated in this camp. Eight international participants (athletes with their coaches) were supported by the project with travel costs and accommodation and meals during the training camp. This initiative was specially designed for teams who did not have the funds to attend international workshops, which were frequently held in the Europe region

Athlete Camp

During the 3-day workshop (both in and out of the pool), the participants were able to develop their techniques based on their functionality. To value-add, Paralympians Mitsuru Nagase & Nurulasyiqah Mohammad Taha led the Proud Paralympian Workshops for the athletes, where they shared the values of the Paralympic values and the vision of the Paralympic movement.

Coaching Camp

In this 3-day camp, coaches learnt first hand from Paralympic coaches and educators, Brendan Keogh and Martin Salmingkeit, who had led many athletes to the peak of their performances. As part of the curriculum, the coaches practised their newly learnt techniques and had in-pool practical sessions with their swimmers during the camp.

Micron Singapore World Para Bowling Tour Series

24-27 July 2019 |
Temasek Club

Singapore became the only host country to organise the World Para Bowling Tour Series for a second year running, with previous hosts Hong Kong and Malaysia replaced by Thailand and Philippines in the second edition.

SDSC received participation from more than 100 para bowlers from ten countries – Chinese Taipei, Hong Kong, India, Indonesia, Japan, Republic of Korea, Malaysia, Philippines, Thailand, and Singapore – a significant increase from 56 athletes the previous year.

To increase public awareness of disability sports, SDSC invited members of the public, corporations and schools to try bowling seated and blindfolded. The learning journey enabled participants to test their skills and understand how individuals overcome disabilities to pursue the sport.

Singapore placed 4th place on the medal tally with 2 Gold, 5 Silver and 2 Bronze, whilst the Republic of Korea topped the charts with 11 Gold, 7 Silver and 1 Bronze ahead of the other 9 countries.

Promoting Inclusion at 20th Anniversary of “Thumbs Up”

On 21 December 2019, Lianhe Zaobao and SDSC celebrated the 20th birthday of the “Thumbs Up” publication, a publication targeted at primary school students. Held at the BP Singapore office, more than 80 children and their parents experienced inclusive games, such as goalball, visually impaired bowling, wheelchair basketball, boccia and seated archery. The event also saw the children fielding questions to national para bowler, Thomas Nathan Chan, as part of a simulated press conference.

Project LIFE (2018 - 2021)

To leverage advancing technology and promote healthy living to PWDs, SDSC kickstarted the development of an app called Project LIFE. It aims to serve as a one-stop portal to learn about rehabilitation opportunities through sports, and record their sporting journeys.

In 2019, the app entered its alpha testing stage. PWDs were invited to sign up as beta testers to ensure a user-friendly experience. This project is supported by the Tote Board's Enabling Lives Fund.

Fundraising

SDSC continues to receive donations from organisations such as corporations, schools and interest groups, and individual givers. We rely on the kind generosity of individuals and groups, to sustain our programmes and services.

Highlights of Fundraising Events (Schools)

The 22nd SMU-RM Western Circuit Sailing Regatta chose SDSC as the beneficiary of the event's auction and donation collection. In total, \$10,448.50 was raised for SDSC's sailing programme and sailing team.

Defy Limits | Airing of Micron Education Videos

20-27 Jan 2020

For the first time in our history, SDSC has also launched an online giving campaign and campaign microsite, with the hope of engaging more young, individual givers. Titled "Defy Limits", the campaign, supported by Micron Technology Foundation, was anchored by video features of athletes Suhairi Suhani, Toh Wei Soong and Steve Tee. The campaign would run until 31 December 2020.

FHAGTown Group

19 March 2020

With SDSC counting amongst its midst some former Singapore Armed Forces (SAF) commandos, a group of ex-commandos from FHAGTown Group appointed SDSC as their beneficiary for the SAF commandos' 50th Anniversary Run. The group raised a total of \$6,000 for SDSC's ex-commandos to subsidise their training costs, purchase of equipment and participation in competitions.

Fundraising Plans

SDSC plans to continue to engage corporations, organisations and individuals to ensure sustainability of its programmes in the long-run. For FY20/21, the key fundraising plans are:

Defy Limits

Anchored by video features of our athletes, SDSC will rely on its social media pages, such as Facebook and Instagram, and the social media platforms of our athletes, to continue to raise funds for SDSC's programmes through storytelling. SDSC aims to shortlist three more athletes to be featured in short videos and continue to roll out these stories on social media. With a focus on the athlete's journey and the role the community of support plays, we want to raise funds to enable SDSC's programmes to continue running.

Project Rebound

Project Rebound is SDSC's fundraising campaign to raise funds as we emerge from the COVID-19 pandemic stronger. Together with our partners, we are raising funds for SDSC to support various areas of need such as programme-related costs such as training and competitions for existing para athletes, outreach and community engagement activities to reach out to even more persons with disabilities (PWDs) not engaged in sports and operational overheads necessary for the provision of such services.

Paralympians Fund

To prepare for an extended campaign in the lead-up to the Tokyo 2020 Paralympics, SDSC has plans to launch a Paralympians Fund at the end of 2020. The intention is for the fund to support high performance athletes in their pursuit of sporting excellence and aspiring athletes who are ready to take the next step in their sporting journey, which many forget is a long walk over years of dedication. Focusing on a few ideas such as a "Breakfast with Champions" series, an owned content video series and "Meet the Paralympian" events, SDSC wants to engage corporations to give back through corporate social responsibility initiatives. Their support will enable our high performance athletes to focus on doing Singapore proud.

SDSC is planning to organise events such as a virtual workout challenge and a digital art fundraiser.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SINGAPORE DISABILITY SPORTS COUNCIL

Report on the Audit of the Financial Statements

Opinion

In our opinion, the accompanying financial statements of Singapore Disability Sports Council (the "Council") are properly drawn up in accordance with the Societies Act, the Charities Act and Charities Accounting Standards ("CAS") so as to give a true and fair view of the financial position of the Council as at 31 March 2020 and of the financial performance, changes in funds and cash flows of the Council for the year ended on that date.

We have audited the financial statements which comprises the statement of financial position as at 31 March 2020, the statement of comprehensive income, statement of changes in funds and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Council in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

Management is responsible for the other information. The other information comprises the Executive Committee Members' Report on page 1. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statement or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Societies Act, the Charities Act and Charities Accounting Standards ("CAS"), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition; and transactions are properly authorized and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Council or to cease operations, or has no realistic alternative but to do so.

The Management's responsibilities include overseeing the Council's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Council to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Compliance with Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Council have been properly kept in accordance with the provisions of the Act.

In our opinion, the amounts of \$860,332 present fairly the tax deductible donation income of **Singapore Disability Sports Council** for the year from 1 April 2019 to 31 March 2020.

During the course of our examination, nothing came to our attention that caused us to believe that:

- a) tax deductible receipts were issued for donations other than outright cash donations;
- b) donations for which tax-deductible receipts have been issued were used for activities not in accordance with the objectives of Singapore Disability Sports Council;
- c) the internal accounting controls over the issue and custody of tax deductible receipts were inadequate; and
- d) there were significant contraventions of the Charities (Institutions of a Public Character) Regulations. The 30% cap on fund-raising expenses has not been exceeded.

The engagement partner on the audit resulting in this independent auditors' report is Tan Saw Bin.

1 General

Singapore Disability Sports Council (the “Council”) is registered in the Republic of Singapore and has its registered office at 3 Stadium Drive #01-34, Singapore 397630. The Council was registered as a charity on 28 November 1984 and is an Institution of a Public Character.

The principal activities of the Council are those relating to the promotion of general interest of amateur sports among the disabled in Singapore.

The financial statements were authorised for issue by the Management on 11 August 2020.

2 Significant Accounting Policies

2.1 Basis of Preparation

The financial statements, are prepared in accordance with the historical cost convention, and are drawn up in accordance with the provision of the Societies Act, the Charities Act, Cap.37 and Charities Accounting Standards (“CAS”).

The CAS issued by Accounting Standards Council (“ASC”) sets out the basis for preparing and presenting financial statements for the charity sector and is applicable to financial periods beginning on or after 1 July 2011. The definitions and accounting treatments presented in the CAS are developed based on the requirements of Financial Reporting Standards taking into account the context and circumstances relevant to the charity sector.

The final statements of the Council are measured and presented in the currency of the primary economic environment in which the Council operates (its functional currency), which is the Singapore dollars.

2.1 Adoption of New Standards

In the current financial year, the Council has adopted all the new and revised CAS that are relevant to its operations and effective for the financial year. The adoption of these new and revised CAS did not have any material effect on the financial statements of the Council.

2.3 *Reserve Policy*

The Council maintains restricted funds and unrestricted funds. Funds set up for specific purposes are classified as restricted funds. All income and expenditures other than those attributable to restricted funds and common overheads are recorded in the unrestricted fund's statement of comprehensive income.

In order to ensure observance of limitations and restrictions placed on the use of the resources available to the Council, the financial statements of the Council are maintained such that the resources for various purposes are classified for accounting and reporting purposes that are in accordance with activities or objectives specified.

The maximum operating reserves shall be five years of annual operating expenditure, with annual operating expenditure being five times the highest annual expenditure over the last three years. Operating reserves exclude all building or project funds, endowment and sinking funds.

2.4 *Fair Value Measurement*

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Council takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.5 *Income*

Income including donations, gifts and grants that provide core funding or are of general nature are recognised when there is (a) entitlement (b) certainty and (c) sufficient reliability of measurement. Such income is only deferred when: the donor specifies that the grant of donation must only be used in future accounting periods; or the donor has imposed conditions which must be met before the Council has unconditional entitlement.

Sport Singapore's grants, sponsorship, contribution and sundry income are recognised upon receipt and for events that occurred during the financial year. Sponsorship income in kind is recognised based on fair value of sponsorship received.

Tournament, seminar and workshop fee is recognised when the event takes place.

Interest income is recognised as the interest accrues unless collectibility is in doubt.

2.6 *Expenditures*

Cost of generating funds

The costs of generating funds are those costs attributable to generating income for the Council, other than those costs incurred in undertaking charitable activities in furtherance of the Council's objects.

Charitable activities

Expenditure on charitable activities comprises all costs incurred in the pursuit of the charitable objects of the Council. Those costs, where not wholly attributable, are apportioned between the categories of charitable expenditure. The total costs of each category of charitable expenditure therefore include an apportionment of support cost, where possible.

Governance costs

Governance costs are those incurred in compliance with constitutional and statutory requirements including related professional fees.

Support costs

Support costs are costs incurred in supporting income generation activities such as fundraising, and in supporting the governance of the charity. Support costs do not in themselves constitute an activity; instead they enable output-creating activities to be undertaken. Support costs include office functions such as key and general management, information technology, human resources, and financing and these are apportioned to the relevant activity cost category they support.

2.7 *Plant and equipment and Depreciation*

All items of property and equipment are initially recorded at cost. The cost of an item of property and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Council and the cost of the item can be measured reliably.

Subsequent to recognition, property and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. Depreciation is calculated on the straight line method to write off the cost of the assets over their estimated useful lives as follows:

	<u>Number of years</u>
Computers and training equipment	1 - 5
Furniture and fittings and office equipment	5
Motor Vehicle	10

The depreciation charge for each period is recognised as expenditure in the statement of financial activities unless another section of the CAS requires it to be included in the carrying amount of another asset.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in profit or loss in the year the asset is derecognised.

Fully depreciated property and equipment are retained in the financial statements until they are no longer in use and no further charge for depreciation is made in respect of these assets.

Property and equipment shall not be revalued and are not required to be assessed for impairment.

2.8 *Foreign Currencies*

Items included in the financial statements of the Council are measured using the currency that best reflects the economic substance of the underlying events and circumstances relevant to that entity. The functional currency of the Council is the Singapore Dollar. The financial statements of the Council are presented in Singapore Dollar. Foreign currency transactions are translated into Singapore Dollar at rates of exchange approximating those ruling at transaction dates. Foreign currency monetary assets and liabilities are translated at the rates ruling at the year-end. The resulting profits and losses on exchange are dealt with through the profit and loss account. Balances in notes are in functional currency unless otherwise stated.

2.9 *Cash and Cash Equivalents*

Cash and cash equivalents comprise cash on hand and at bank and fixed deposits which are short term, highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. These include cash and cash equivalents held under restricted funds, the use of which is subject to the relevant restricted funds' operating terms.

2.10 *Employee Benefit*

The Council makes contributions to the Central Provision Fund scheme in Singapore. Such contributions are recognised as an expense in the period on which the related service is performed.

2.11 *Related Party*

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Council if that person:
 - (i) Has control or joint control over the Council;
 - (ii) Has significant influence over the Council; or
 - (iii) Is a member of the key management personnel of the Council or of a parent of the Council.
- (b) An entity is related to the Council if any of the following conditions applies:
 - (i) The entity and the Council are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Council or an entity related to the Council. If the Council is itself such a plan, the sponsoring employers are also related to the Council;
 - (vi) The entity is controlled or jointly controlled by a person identified in (a);
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

2.12 Financial Assets

i) Receivables

Receivables, excluding prepayments, are recognised at their transaction price excluding transaction costs, if any. Transaction costs are recognised as expenditure in the statement of financial activities as incurred. Prepayments shall be initially recognised at the amount paid in advance for the economic resources expected to be received in the future.

After initial recognition, trade and other receivables, excluding prepayments, are subsequently measured at cost less any accumulated impairment losses. Prepayments shall be measured at the amount paid less the economic resources received or consumed during the financial period.

The amount of the allowance is the difference between the asset's carrying amount and the undiscounted future cash flows, excluding unearned interest of interest-bearing assets that the Council expects to receive from the assets. The amount of the allowance for impairment is recognised in the statement of financial activities.

ii) Impairment of Financial Assets

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been impacted. In the case of trade and other receivables, the amount of impairment loss is the difference between the financial asset's carrying amount and the undiscounted cash flows, excluding unearned interest of interest-bearing assets that the Council expects to receive from the assets.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of other receivables where the carrying amount is reduced through the use of an allowance account. When other receivable is uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance amount. Changes in the carrying amount of the allowance account are recognised in the statement of financial activities.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through the statement of financial activities to the extent the carrying amount of the financial assets at the date the impairment is reversed does not exceed what the cost would have been had the impairment not been recognised.

2.12 *Financial Assets (cont'd)*

iii) Derecognition

The Council derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Council neither transfers nor retains substantially all the risk and rewards of ownership and continues to control the transferred asset, the Council recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Council retains substantially all the risks and rewards of ownership of a transferred financial asset, the Council continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

2.13 *Financial Liabilities*

i) Payables

Payables are recognised at their transaction price, excluding transaction costs, if any, both at initial recognition and at subsequent measurement. Transaction costs are recognised as expenditure in the statement of financial activities as incurred. Accruals shall be recognised at the best estimate of the amount payable

ii) Derecognition

The Council derecognises financial liabilities when, and only when, the Council's obligations are discharged, cancelled or they expire.

2.14 *Leases*

Lessee

The Council applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expenditure on a straight-line basis over the lease term.

2.15 Provisions

Provisions are recognised when the Council has a present obligation (legal or constructive) where, as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Where the effect of time value of money is material, the amount of the provision is the present value of the expenditure expected to be required to settle the obligation

2.16 Conflict of Interest Policy

Executive Committee (the “EC”) members are expected to avoid actual and perceived conflicts of interest. Where EC members have personal interest in business transactions or contracts that the Council may enter into, or have vested interest in other organisations that the Council have dealings with or is considering to enter into joint ventures with, they are expected to declare such interest to the EC as soon as possible and abstain from discussion and decision-making on the matter. Where such conflicts exists, the EC will evaluate whether any potential conflicts of interest will affect the continuing independence of EC members and whether it is appropriate for the EC member to continue to remain on the EC.

17 Financial Risk Management Objectives and Policies

The main risks arising from Council's financial instruments are liquidity risk, credit risk and foreign currency risk. The policies for managing each of these risks are summarised as follows:

Liquidity risk

The Council's financing activities are managed by maintaining an adequate level of cash and cash equivalents to finance the Council's operations. Funds from SportSG and sponsors ensure continuity of funding.

	2020	2019
	\$	\$
Trade and other payables		
< 12 months	1,130,294	793,581 *

2 - 5 years	-	-
> 5 years	-	-
	<hr/>	<hr/>
	1,130,294	793,581
	<hr/>	<hr/>

**Advance billing of \$231,960 and deferred income of \$50,000 are excluded because it does not result in future cash outflow and affect SDSC's liquidity risk.*

Credit risk

Credit risk arises mainly from the risk on counterparties defaulting on the terms of their agreements. The carrying amounts of cash and cash equivalents and debtors represent the Council's maximum exposure to credit risk in relation to financial assets.

The Council monitors the exposure to credit risk on an ongoing basis and credit evaluations are performed on customers requiring credit over a certain amount. Cash terms or advance payments are required for customers of lower credit standing. The credit risk on balances of cash and cash equivalents is low as these balances are placed with a reputable bank.

Foreign currency risk

The Council incurs certain operating costs in foreign currencies which give rise to foreign exchange risk. The Council's exposure to foreign currencies are primarily managed by natural hedges of matching assets and liabilities denominated in foreign currencies.

18 Fair Values of Financial Instruments

The fair value of a financial instrument is the amount at which the instrument could be exchanged or settled between knowledgeable and willing parties in an arm's length transaction.

The following methods and assumptions are used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value.

Cash and cash equivalents, other receivables and other payables

The carrying amounts of these balances approximate their fair values due to the short-term nature of these balances

Classification of Financial Instruments

Set out below is a comparison by category of carrying amounts of all the Council's financial instruments that are carried in the financial statements:

	2020 \$	2019 \$
Financial assets		
Trade and other receivables	111,721	1,043,704
Cash and cash equivalents	3,496,577	2,415,938
	<u>3,608,298</u>	<u>3,459,642</u>
Financial liabilities		
Trade and other payables	1,130,294	793,581
	<u>1,130,294</u>	<u>793,581</u>

**Advance billing of \$231,960 and deferred income of \$50,000 are excluded because it does not result in future cash outflow and affect SDSC's liquidity risk.*

19 Accounting Estimates and Judgement in Applying Accounting Policies

The Council makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Key source of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below:

Depreciation of property and equipment

The cost of property and equipment are depreciated on a straight-line basis over their respective useful lives. Management estimates the useful lives of these property and equipment to be within 1 to 10 years. The carrying amount of the Council's property and equipment as at year end are stated in Note 3. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets. Therefore future depreciation charges could be revised and impact the profit in future years.

20 Capital Management

The primary objective of the management of the Council's capital structure is to maintain an efficient mix of debt and equity in order to achieve a low cost of capital, while taking into account the desirability of retaining financial flexibility to pursue opportunities and adequate access to liquidity to mitigate the effect of unforeseen events on cash flows.

The Management regularly review the Council's capital structure and make adjustments to reflect economic conditions, strategies and future commitments.

The Council did not breach any gearing covenants during the financial years ended 31 March 2020 or 31 March 2019. In the same period, no significant changes were made in the objectives, policies or processes relating to the management of the Council's capital structure.
