- f) Refrain from participating in any competition that is not permitted under the policies of the SDSC, unless approval has been granted by the SDSC. Consult and obtain prior consent from the SDSC on any deviation from the agreed training and competition programme or support service arrangements. Athletes are allowed to apply for approval to self-fund competitions that are not supported by SDSC. Details and criteria can be found at <https://sdsc.org.sg/policies/>.
- g) Create an athlete profile in SportSync / Smartabase and keep your records updated. You are responsible for the completeness of your profile for qualification and application for SportSG / SDSC support schemes.
- h) Create an athlete profile in SDSC LIFE and keep your profile updated as requested. You are responsible for the completeness of your profile for selection by SDSC to games and competitions, and to use the app to record your attendance and qualify for any training support.

5.2 Medical Health, Sports Medicine and Sports Science (SMSS) Services

- a) Give full and honest disclosure of your medical history (including all prescribed and consumed drugs, supplements and medication) to SDSC, including the names and contact information of all healthcare providers who have been consulted with regards to your medical conditions, at the start of this agreement. If there is any doubt on this, please seek the medical opinion of your regular physician before committing to this agreement.
- b) Maintain the highest possible level of health and physical fitness required for consistent training and competition. Attend physiotherapy, strength and conditioning sessions as recommended or arranged and observe nutritious diets, especially when nearing or attending competition. Seek advice from your coach or the SDSC if you are unclear.

- c) Notify SDSC immediately if you are injured, ill, need to undergo medical procedures or if your level of medical fitness changes such that it affects your ability to fulfil your training requirements safely. Disciplinary measures may be taken against you if you deliberately withhold such information and place others in danger with your participation in training or competition.
- d) Attend medical examinations as required by the SDSC from time to time or when necessary. You are responsible to ensure that you remain medically fit to fulfil the requirements of training and competition during this period of commitment.
- e) While you are free to use Traditional Chinese Medicine (TCM) and other alternative treatments, this is at your own risk and any injuries, decline in performance or violation of the World Anti-Doping Code (see section 5.3) caused as a result of these treatments may affect your selection for competitions, continuation of your membership in the team or your eligibility to participate in local and international organised sport activities.
- f) Authorise all healthcare providers or sports therapists consulted in the twelve (12) months preceding the signing of this Agreement or during your membership in the team to disclose or share any information considered relevant to the Council, particularly those with implications on your athletic performance.

5.3 Compliance with the World Anti-Doping Code

5.4 Safe Sport

- a) Commit to Safe Sport, together with SDSC. This is defined as “an athletic environment that is respectful, equitable and free from all forms of harassment and abuse (non-accidental) violence”.

Our joint commitment serves to protect the interests of athletes, coaches, officials, volunteers and staff, as it provides a safe environment for all who are involved in the sport, as well as a healthy environment for para sport to grow. Safe Sport violations can lead to long-lasting trauma for the individuals involved, and bring damage to para sport and para athletes, when such violations erode the confidence of funders and public advocates.

- (i) Psychological Abuse – Any unwelcoming act including isolation, verbal assault, humiliation, intimidation, or any treatment which may diminish the sense of identity, dignity and self-worth.
 - (ii) Sexual Abuse – Any conduct of a sexual nature, whether non-contact, contact or penetrative, where consent is coerced / manipulated or is not or cannot be given.
 - (iii) Sexual Harassment – Any unwanted and unwelcome conduct of a sexual nature, whether verbal, non-verbal or physical. Sexual harassment can take the form of sexual abuse.

 - (v) Neglect – Failure of another person with a duty of care towards an individual to provide minimum level of care to the individual, which is causing harm, allowing harm to be caused, or creating an imminent danger of harm.

Harassment and abuse can take place in person or via other mediums such as the internet or telephone. It can occur in combined or isolated forms. It can also be a once-off incident or a repeated occurrence.

Physical contact and injuries are common in some sports and with persons which may require physical assistance. Find out the forms of physical contact and injuries that typically happens in a sport or for persons which may require physical assistance, to understand what is acceptable and what is not.

- c) Identify your support systems and spread the word on Safe Sport to them. Our commitment to Safe Sport is achieved through the collaboration of all the stakeholders, i.e. board, members, athletes, coaches, officials, volunteers, parents, and any entity or individual who are involved in your programmes, and knowledge of their rights and responsibilities.
- d) If you experience or come across an act of harassment or abuse, make it clear to the perpetrator immediately that the behaviour is unwelcome, offensive and contrary to Safe Sport practices. If you find this challenging, seek help from a coach, official, or another adult you trust.
- e) Report an incident if you experience or know of an incident related to Safe Sport, using the incident report form in Annex A as a guide on the details you need to provide.
